

CONSTRUCTION ALERT

Road Closure on West Pine Street in Orlando

Financial Project ID: 412994-4-52-11

West Pine Street will be closed in both directions at the railroad crossing between South Orange Avenue and South Garland Avenue from **9 p.m. Friday, April 7, to 3 a.m. Monday, April 10**. The closure is needed to allow SunRail to replace the existing crossing with new concrete panels and asphalt approaches, which will provide a safer and smoother crossing for motorists.

During the closure, drivers will be directed to use either West Central Boulevard or West Church Street to travel between South Orange Avenue and South Garland Avenue. Detour route signage will be placed at key locations in the area to direct drivers around the work zone, and access to businesses will be maintained.

The posted detour route is as follows:

- Traffic traveling westbound on West Pine Street will be directed to turn left onto South Orange Avenue, right onto West Church Street and north onto South Garland Avenue and right onto West Pine Street.
- Traffic traveling eastbound on West Pine Street will be directed to turn left onto South Garland Avenue, right onto West Central Boulevard, right onto South Orange Avenue and right onto West Pine Street.

The closure is part of the Florida Department of Transportation's project to upgrade and improve 54 crossings along the existing SunRail corridor from DeBary to the Sand Lake Road station in Orlando.

Please note weather or other unexpected conditions may affect the schedule. For the latest information on this construction project, please visit www.cflroads.com.
