SUNRAIL NEWS & INFORMATION FOR CENTRAL FLORIDA'S BUSINESS COMMUNITY

ISSUE 2 • DEC 2016

## Nearly half of Longwood's Dix.Hite + Partners employees commute to work via SunRail.

This forward-thinking company has created a culture of commuting for their employees by paying half of employees' monthly commuting costs, while allowing the remainder to be paid using pre-tax dollars.

"Landscape architects typically get into the profession because it embodies their core beliefs, which is creating better places to live, and regionally, SunRail embodies that," said Christine "Chris" Hite, who is president of the firm and commutes from Winter Park.

Some of Dix.Hite + Partners employees bring their bikes on-board, as cycling is part of their daily commutes. All SunRail trains are equipped with bicycle accommodations for any passenger that wants to use their bikes as part of their commute or for leisure.

Does your company have people who love commuting on SunRail? Send us your SunRail stories and photos to: [info@SunRail.com](mailto:info@SunRail.com) and we'll include them in a future edition of *ON TRACK*.
