SunRail Rider Spotlight

JUAN

Baker & Hostetler

Commuting to Longwood is a breeze for Juan, an enthusiastic rider who commutes on SunRail to Downtown Orlando every weekday. Juan told *On Track*: "I save gas and avoid traffic on I-4 by taking the train ... the train is always clean and the staff is always friendly." Juan has been commuting on SunRail for one and a half years.

Juan has also been taking SunRail on Saturdays, when it is offered, sharing: "I hope that the service can continue and that enough people are taking advantage of using the train so that we can continue weekend service and eventually later train times."

If you would like to share your SunRail story, please email info@SunRail.com or visit SunRail.com to start your own commuting story.

See you on board!

DID YOU KNOW?

Half of men in their early 70s who stop driving will need access to transportation alternatives for an average of six years. Women in the same age group will need alternatives for ten years.
