## TRAIN TOUR

### Tour Our Newest SunRail Stations!

We are gearing up for four Community Train Tours at the Southern Expansion stations, beginning later this month. The theme "Connecting Communities" encompasses what SunRail is really about; moving people throughout our region and its definitive cities that provide work and leisure opportunities for all.

At each Community Train Tour, we will bring a SunRail train to the station. Each tour will all be a little bit different, to cater to the surrounding area. Our Marketing and Business Development teams have been working closely with Osceola County, Orange County, the City of Kissimmee and private partners like Gatorland and Tupperware to create great events that future train riders of all ages will enjoy.

"We are very excited to welcome the residents of the communities surrounding our four new stations, said SunRail's CEO, Nicola Liquori. "To date, the outreach efforts have been met with a lot of enthusiasm. We are really proud that SunRail is already so popular in the Southern Expansion area and hope that residents young and old will come out for a fun few hours and learn about what SunRail offers both commuters and leisure travelers."

SunRail representatives will be distributing information in both English and Spanish at each Community Train Tour. Below is the list of dates & times. We look forward to seeing you there!
